## WHAT IS A MAKERSPACE?

A makerspace is a **community workshop** that provides **shared workspace and tools** – from table saws and jointers, to 3D printers and embroidery machines, and everything in between. Makerspaces provide art and STEM classes, small business resources, youth programs, and social space for makers. Imagine your high school woodshop reimagined like a gym!

**91%**

of survey respondents believe a makerspace will benefit Winona.

Wood Shop

A makerspace in Winona can only flourish with your support. Consider a **Founders Membership** and help us open this amazing resource! Why? Our fundraising is focused on tools, not on bills: memberships make sure we can cover rent and maintenance when we open the space. If the space does not open, money will be refunded. These limited Founders Memberships are discounted to reward our earliest supporters.

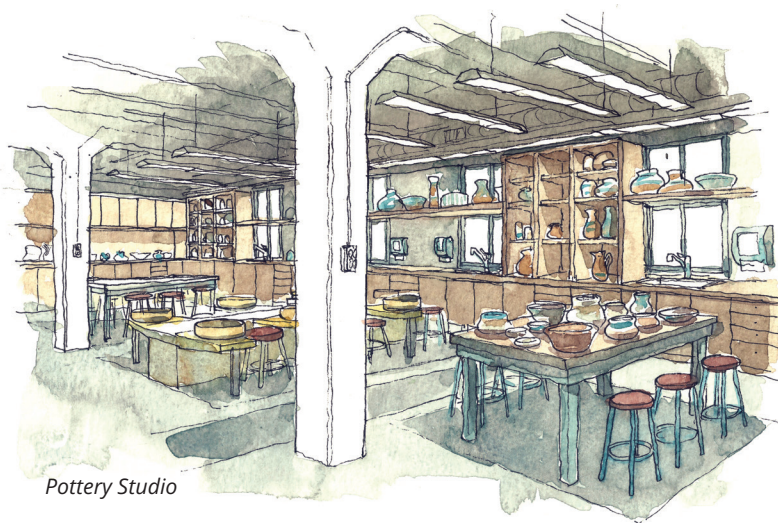

## \$100 PER MONTH

First month due at sign-up. Subsequent payments begin after makerspace opens.  
1 year commitment required.

OR

## \$1000 PER YEAR

Prepaid for the entire year at sign-up.  
Two months free compared to monthly membership.
